

CURRICULUM DEVELOPMENT AT THE SECOND LEVEL
OF EDUCATION

PROCEEDINGS OF THE COMPARATIVE EDUCATION SOCIETY
IN EUROPE

Curriculum Development
at the
Second Level of Education

*Containing the papers read before the Society
at the Fourth General Meeting
Prague 1969*

Edited by
BRIAN HOLMES and RAYMOND RYBA

THE COMPARATIVE EDUCATION SOCIETY IN EUROPE
WITH THE AID OF THE
FONDATION EUROPÉENNE DE LA CULTURE

The Society is particularly grateful to the Fondation Européenne de la Culture for the grant which made publication of these Proceedings possible. As usual it was the desire of the Society that the Proceedings should be published in the country in which the Conference was held. The Fondation de la Culture was equally anxious to see them published in Prague. Unfortunately a variety of reasons, including the late arrival of some finalised manuscripts, has made it impossible to achieve this goal. The delay in the appearance of the Proceedings is due to the fact that the Society held out hopes until recently that they could be fitted into publishing schedules in Prague. The officers of the Society are most grateful to the Fondation de la Culture for the patience it has shown and for its willingness to extend the period of time allowed for the appearance of the Proceedings.

BRIAN HOLMES,
Secretary/Treasurer,
Comparative Education Society in Europe.
